

Clinical Research Bootcamp 201: From Study Conception to Study Activation

Emory University School of Medicine

Friday, April 26, 2024, via Zoom

Learning objectives: The Emory University School of Medicine Office of Faculty Academic Affairs and Professional Development is committed to faculty development in scholarship. The Clinical Research Bootcamp 201 session aims to provide participants with a comprehensive overview of institutional resources involved in clinical research from study conception to study activation. The goal is to provide attendees of all experience levels with insight and connections to foster a productive research career at Emory. This bootcamp series is organized yearly but its contents, emphasis, and level of information covered vary from year to year.
