Vision

Careers in Primary Care are viable, sustainable, and rewarding. Emory becomes a destination for training and working in primary care.

Mission

To promote a positive, diverse culture of collaboration and engagement that supports high value and quality patient-centered primary care, discovery, and innovation.

Goals

- To offer and sustain opportunities for excellence in clinical practice, scholarship, research, education, and leadership
- To serve as a focal point for implementation and on-going integration of activities supporting primary care across the departments, schools, health systems, and communities
- To support further growth of high-functioning, interdisciplinary teams, and expand the pipeline of primary care leaders, clinicians, and researchers
- To support learner-focused initiatives

Educational Support

ASE

The advocacy, social, and educational funds are designed to increasing awareness of primary care activities within and across Emory Healthcare. Program funds will be available to groups of no less than three people to support events that are well planned, well-advertised (including recognition of the Emory Primary Care Consortium funding), and of general interest to a broad primary care audience.

Faculty Advisor

- Lead Advisor, Nursing - Erica Webb, FNP
- Family Medicine - Miranda Moore, PhD
- Internal Medicine - Kristina Lundberg, MD
- Physician Assistant - Erin Lepp, MMSC, PA-C

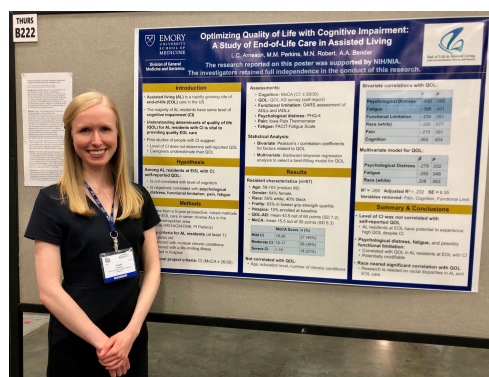

Research Support

Grants

The Emory Primary Care Consortium provides grants up to \$2,500 to support any project that involves research, quality improvement, advocacy, development of clinical decision support tools, or educational activities in support of advancements in primary care (as it relates to patient safety, innovations in healthcare delivery, addressing disparities in healthcare, etc.).

LIPD

The Learner Initiated Professional Development funds provide up to \$10,000 each fiscal year to support learners seeking to engage in professional development activities that will lead to advancements in primary care at Emory University.
