

# putting PPE ON 1/2

Reusable Gown

CAPR system

Inner gloves

Outer gloves

## Gloves

1 **Batch work and plan ahead**, having items available outside each patient room.

2 **Sanitize hands.**

3 **Put on first pair of gloves.**

## Lens Cuff

4 **Remove** the lens protector liner from the front side of the lens cuff.

5 **Secure** the lens cuff by **aligning** the center hole over the center attachment post on the helmet.

6 **Attach** the left and right side lens cuff mounting holes over the left and right side attachment posts of the helmet.

*Tip:* The lens cuff will click when it is properly secured.

7 **Lift** the cuff flappers to rest against the foam pads at the ends of the comfort strip.

8 **Insert** the power cord connecter into the battery.

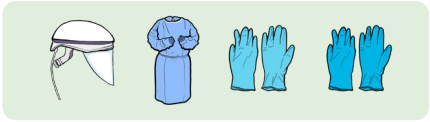

9 **Check** the LED lights to ensure the battery is fully charged.

10 **Adjust** fan speed to comfort.

## Battery and Belt

11 **Secure** the battery to the belt using the battery clip.

12 **Secure** the belt around the waist.

**CAPR, gown, double gloves**

**Helmet**

13 **Turn** ratchet knob counterclockwise to loosen the headband.

14 **Hold** the helmet near the rear headband with one hand, pull down on top of the lens cuff with the other.

15 **Place** the chin into the lens cuff while pulling the helmet over and down on the head.

16 **Turn** the ratchet knob counterclockwise to tighten the headband.

17 **Slide** the fingers around the cuff under the chin to **ensure** slight tension.

18 **Check** for proper fit, ensure:

- The cuff flappers are perpendicular to the head
- The bottom of the headband rests 1/2 inch from the eyebrows
- LED indicators are in your peripheral vision.
- The cuff flappers are 1/4 inch from the temples

19 **Tip:** If the headband is not in an appropriate height, doff, adjust the headband height position, and redo

**Entry**

20 **Put on** gown outside room. Open-end **faces** your back. **Tie** the back of the gown.

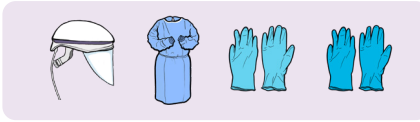

21 **Sanitize** first pair of gloves.

22 **Put on** second pair of gloves.

23 **Sanitize** second pair of gloves.

24 **ENTER room**  
**DO NOT enter** the room if you do not achieve a proper fit of the CAPR system.

25 **Do not touch or re-adjust CAPR system** inside the room.

**Next patient: COVID+**

**Patient Room**

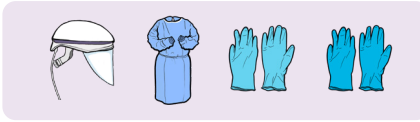

1 **Sanitize** outer gloves.

2 **Remove** outer gloves.

3 **Sanitize** inner gloves.

**Exit**

4 **Exit** patient room.

**CAPR, gown, double gloves**

**Next patient: COVID+**

**Gloves**

After outer glove removal in the patient room, exit and...

1 **Sanitize** inner gloves.

A hand in a blue glove is shown being sanitized in a white hand sanitizer dispenser.

2 **Put on** fresh outer gloves.

A hand in a blue glove is shown pulling a new blue glove onto the other hand.

**Walking**

3 **Walk** to next patient with confirmed COVID-19 (marked) while **remaining** in marked zone.

A person in full PPE is walking in a hallway. A dashed line on the floor indicates a marked zone, and an arrow points forward.

4 **Do not touch** your face, the walls, rails, or anybody else until reaching the next room.

A person in PPE is walking. Three circular icons with red X marks show prohibited actions: touching the face, touching a wall/rail, and touching another person.

**Entry**

5 **Sanitize** outer gloves.

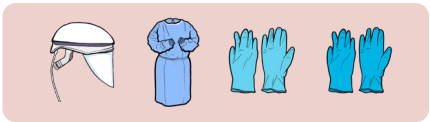

A hand in a blue glove is shown being sanitized in a white hand sanitizer dispenser.

6 **Enter** next COVID-19 patient room or area.

A person in PPE is walking through a doorway. A sign above the door says "ENTER". Inside the room, another person is sitting at a desk.

7 **Do not touch** face or re-adjust CAPR system inside room.

A person in PPE is shown with a red X over their face, indicating that they should not touch their face or adjust their cap.

**CAPR, gown, double gloves**

**Next patient: NOT COVID+**

## Coveralls

1 **Sanitize** outer gloves.

A hand sanitizer dispenser with a hand being inserted into the nozzle.

2 **Remove** outer gloves.

A pair of hands pulling off a pair of light blue gloves.

3 **Sanitize** inner gloves.

A hand sanitizer dispenser with a hand being inserted into the nozzle.

4 **Reach back** and **release** the neck portion.

A person in a blue gown reaching back with both hands to untie the neck portion.

5 **Untie** the waist.

A person in a blue gown untieing the waist portion.

6 **Remove** the gown into the designated bin.

A person in a blue gown placing the gown into a designated bin.

7 **Sanitize** inner gloves.

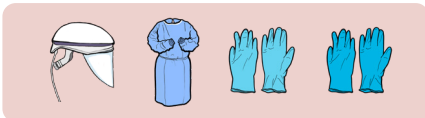

A hand sanitizer dispenser with a hand being inserted into the nozzle.

## Exit

8 **Exit** patient room.

A person in a blue gown exiting a patient room through a door labeled 'EXIT'. A hand sanitizer dispenser is visible on the wall.
